HOSTING A SLOPPY MOUNTAIN DEMO SESSION

- (1) Create a free account using the Demo link from the SloppyMountain.com homepage.
- (2) Creating your account will give you a free 4-player and a free 3-player full-featured access codes.
- (3) Log-in to the admin menu and click on "Manage/View/Buy Access Codes"
- (4) Click on "Create/Print Game Access Code Sheets for Distribution to Teams" and print out your code sheets (one sheet will be your 4-player codes and one will be your 3-player codes).
- (5) Go back to the Admin menu and print out a facilitator guide, team brief sheet, and an activity checklist
- (6) Pull together a team of 3 or 4 players and have everyone bring laptops with internet accesses to the demo event.
- (7) Play the "Player Tutorial" video from the sloppy mountain homepage for everyone to see. The Player Tutorial launches everyone into the game, so make sure you are all ready before starting it.
- (8) If possible, launch the "Clues" video at the start of the game and let it play on a computer that everyone can see while the game is going on. The password to view the clues video is in the Facilitator Guide.
- (9) After you finish the demo, refer to the Facilitator Guide to review some discussion and debrief questions for the group.
